**Subject:** RE: CERCLA Status of Clean Harbors incinerator in Kimball, NE

Yes, thank you Joyce.

Tom Krasovec of Geosyntec will be the designated Project Coordinator for the removal action, but I am Geosyntec's Project Director for both the removal and follow on work with Curt and Dave at CDPHE.

Looking forward to working with all of you!  
Best, Dave

Dear Dave – It's my understanding that Richard Dean has designated you as the technical contact for this project. I checked on the incinerator and it is acceptable for disposal pursuant to the CERCLA Off-Site Rule.

Hi Mike – I have a drum removal site in Colorado and the PRP is proposing to send some CERCLA waste to the Clean Harbors incinerator in Kimball, Nebraska. Could you let me know if that facility is considered acceptable pursuant to the CERCLA off-site rule?

Thank you!
